

## What's New

### Mobile Fire Fighting Machine

Hawk recently manufactured a custom-designed fire fighting unit. The system is designed to fit on the back of a Land Rover. It consists of a water tank, a Hawk high pressure pump driven by a 18 HP petrol engine with an electric start and a chemical injection system for generating foam. It also has a stainless steel live hose reel with 60m of high pressure hose and a gun and lance

### Cleantex 2002

Hawk recently exhibited on the 2002 Cleantex Show, which took place in Johannesburg from the 5th to the 7th of June. On display was the Hawk range of high pressure cleaning equipment, airless spray painting machines and pest control equipment. We would like to thank all for visiting us and making it an extremely successful exhibition. We hope to see you all at the next show in 2004. This year we walked away with the bronze award for our stand.

## Staff

Craig Todd, Hawk's Marketing Manager (left), receiving the bronze award in the category of best small stand, from Johann van Vuuren, Exhibition Director (right), at this year's Cleantex show.

## Product in Focus

### 4200E Airless Spray Painting Unit

The Hawk 4200E airless spray painting machine supports a tip size of 0.021" and can apply just about any material, it is ideal for coating roofs and walls.
