Issue 57 - March 2003

Hawk Clean and Coat is a division of  **MONITOR**  
DISTRIBUTORS

## What's New Tanks

A wide range of polyethelene tanks are now available for a variety of applications. Pumping systems can be designed around them for fire-fighting, pest control, horticultural or as header tanks for high pressure systems.

## New Website - [www.cleanandcoat.co.za](http://www.cleanandcoat.co.za)

Come and visit our new and improved website at [www.cleanandcoat.co.za](http://www.cleanandcoat.co.za). Information on all our products is available along with spare part drawings and back issues of Clean 'n Coat News.

## Staff

Mohammad Latiff has been part of our stores team for the past 7 years. In spite of his incredible good looks, he has a good brain.

## Product in Focus Hawk Low Volume Pump Unit

The Hawk Low Volume Pump Unit uses a mini 220V pump delivering 15 bar to pump water or chemicals sucked from a container. This mini pumping system is ideal for any application that requires a low volume supply. The unit includes a timing mechanism that can be used to obtain a particular humidity or temperature level for sanitising and disinfecting using fine misting nozzles. It is designed to be wall mounted and is supplied in a water resistant durable plastic container.

Nozzles mounted on fan for fogging purposes.

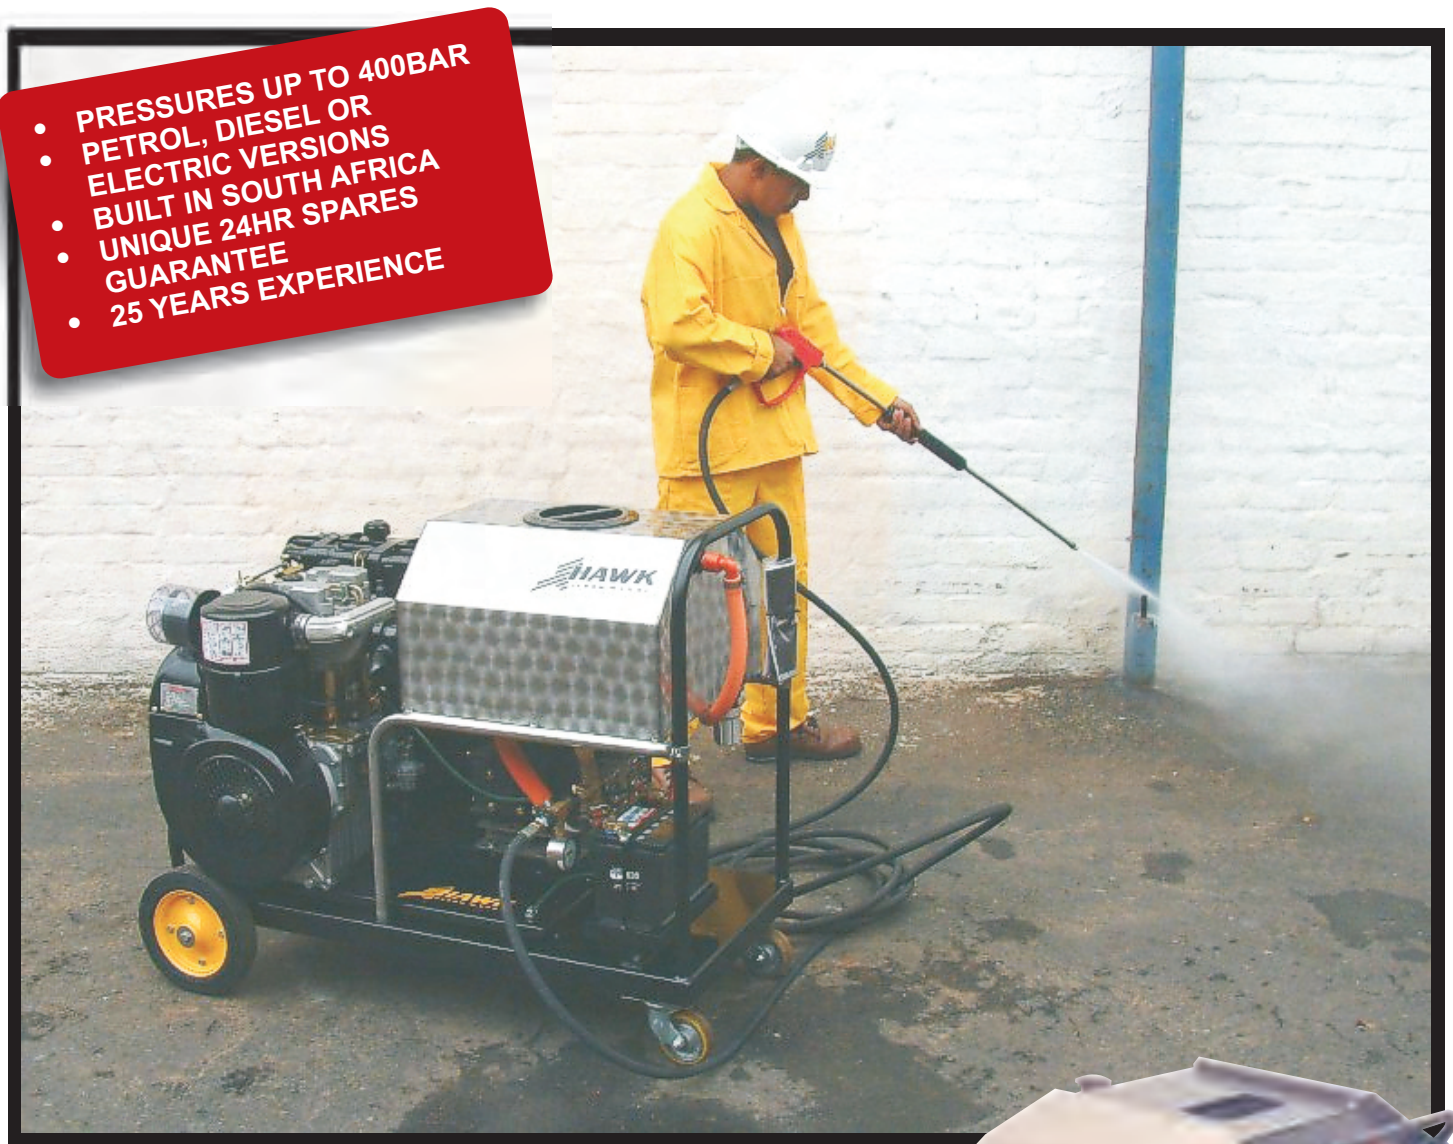

## Humour

"By God, Barnaby! Now there goes one big pigeon!"

*"A man's reach should exceed his grasp."*

Versatile, durable and affordable  
cleaning and coating solutions

- PRESSURES UP TO 400BAR
- PETROL, DIESEL OR ELECTRIC VERSIONS
- BUILT IN SOUTH AFRICA
- UNIQUE 24HR SPARES GUARANTEE
- 25 YEARS EXPERIENCE

**Large range**

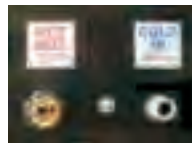

The Hawk high pressure cleaner range is capable of delivering pressures up to 400 bar and volumes up to 40 l/min. This makes them extremely versatile in their application. By simply adding accessories you can convert your machine into a roof cleaner, sandblaster, drain cleaner or tank cleaner.

**Unique lifetime spares guarantee**

In addition to the factory guarantee, Hawk will fit spares free of charge if you have to wait more than 24 hours because of an out-of-stock situation.

**Hot Box**

An exciting new design has been used for the locally manufactured high pressure water heater. Connected to a normal cold water high pressure cleaner unit, the hot box provides high pressure hot water to remove heavy grease and dirt.

**Custom Design**

Hawk can custom design units to suite your particular requirements. Units up to 1200 bar and fixed installations can be built to order.
