

## What's New Dust Suppression System

Dust is a major problem at industrial sites such as crushers, quarries, or excavation and loading areas. Hawk pumps are often used to solve these problems. Special dust suppression nozzles create a fine fog/mist which is designed to trap the dust particles ausing them to fall to the ground. Hawk can custom design dust suppression systems to suite any requirements.

## Wall Mounted Multi Pump Cleaning Station

Hawk recently solved a large volume cleaning problem with a wall mounted unit. The system consists of three high pressure piston pumps mounted on a single inlet manifold, with three individual outlets. This allows the operators to use up to three guns at any given time with individual pressure control. The unit is ideal for static cleaning operations where multiple guns are required. It is secured to the wall and has a stainless steel cover.

## Staff

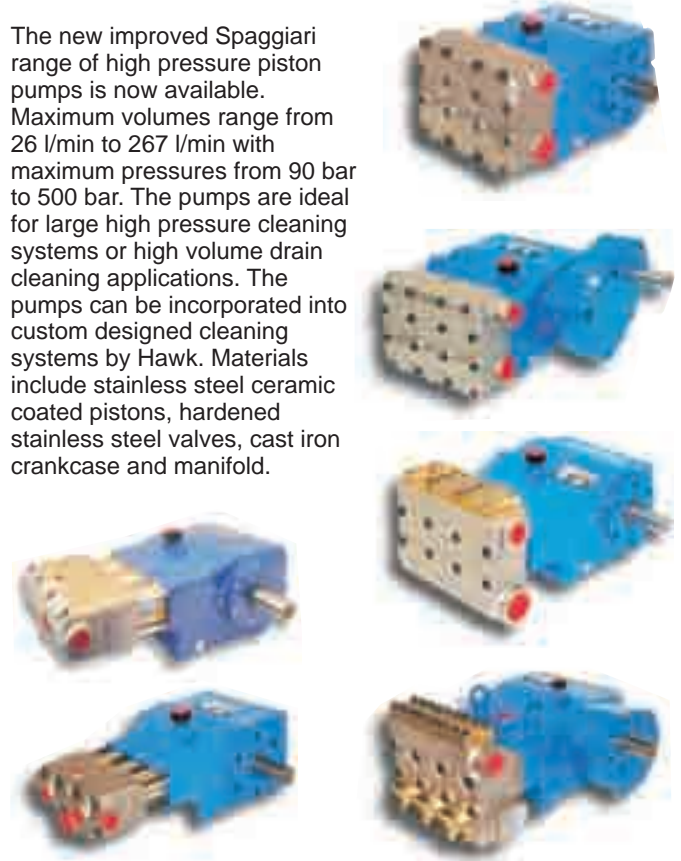

### Farewell to Paul

Paul has left Durban to operate in the Johannesburg area. As a partner in Monitor, he was with the company for 20 years. His Durban customers, and all at Monitor, will miss him. Fortunately he is still a part of the organisation.

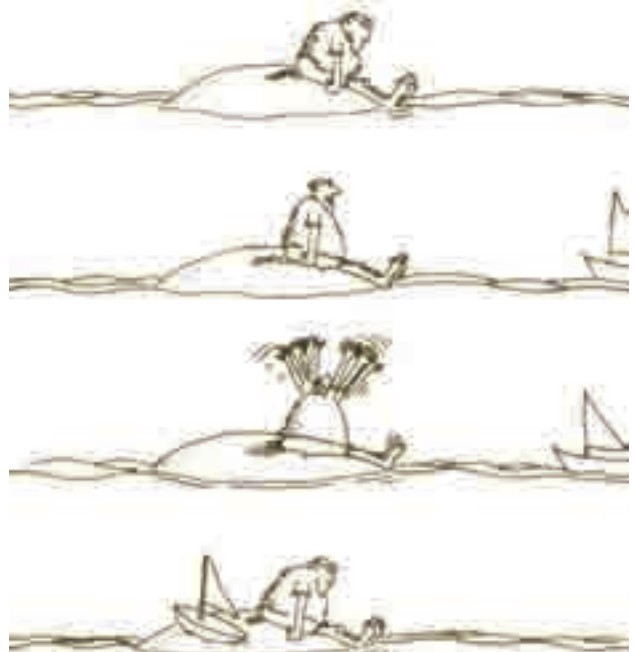

## Product in Focus Spaggiari Piston Pumps

The new improved Spaggiari range of high pressure piston pumps is now available. Maximum volumes range from 26 l/min to 267 l/min with maximum pressures from 90 bar to 500 bar. The pumps are ideal for large high pressure cleaning systems or high volume drain cleaning applications. The pumps can be incorporated into custom designed cleaning systems by Hawk. Materials include stainless steel ceramic coated pistons, hardened stainless steel valves, cast iron crankcase and manifold.

## Humour

*“Every fool knows that you cannot touch the stars, but it does not stop a wise man from trying”*

# Versatile, durable and affordable high pressure piston pumps

## C Series

Model	L/min	Bar	Rpm	kW	Kg
C 34/280	34	280	1000	18.4	48
C 49/200	49	200	1000	18.4	48
C 66/140	66	140	1000	18.4	48
C 72/110	72	110	850	15.4	48

## EC Series

Model	L/min	Bar	Rpm	kW	Kg
EC 105/150	105	150	1000	29.4	65
EC 132/110	132	110	1000	29.4	65
EC 163/90	163	90	1000	29.4	65

## ECR Series

Model	L/min	Bar	Rpm	kW	Kg
ECR105/150	105	150	1500	29.4	65
ECR132/110	132	110	1500	29.4	65
ECR163/90	163	90	1500	29.4	65

## ECH Series

Model	L/min	Bar	Rpm	kW	Kg
ECH26/500	26	500	1000	25.4	80
ECH38/400	38	400	1000	29.4	80
ECH44/320	44	320	1000	29.4	80
ECH59/250	59	250	1000	29.4	80
ECH64/180	64	180	800	22.6	80

## EL Series

Model	L/min	Bar	Rpm	kW	Kg
EL84/190	84	190	1000	31,6	88
EL102/160	102	160	1000	31,6	88
EL122/130	122	130	1000	31,6	88
EL128/120	128	120	850	29,4	88
EL152/100	152	100	800	29,4	88
EL164/90	164	90	700	29,4	88

## G Series

Model	L/min	Bar	Rpm	kW	Kg
G 108/300	108	300	750	62,5	190
G 171/190	171	190	750	62,5	190
G 220/145	220	145	750	62,5	190
G 267/120	267	120	750	62,5	190

The G series is also available with a gearbox for 1500 or 1800 drive.

Available From:

**Durban (Head Office)**  
336 Sydney Road Durban, 4000  
Phone: (031) 205-4313

**Port Elizabeth**  
42 Sidwell Avenue, Port Elizabeth, 6001  
Phone: (041) 451-4332

**Johannesburg**  
98 Newton Road, Meadowdale, 1401.  
Phone: (011) 974-4662

**Cape Town**  
New Street, Durbanville, 7550
