Issue 84 - October/December 2005

Hawk Clean and Coat is a division of  **MONITOR**  
DISTRIBUTORS

## Battery operated sprayer

A customer needed to spray weed control chemicals using a battery powered unit where electricity is unavailable. We have now made two of them with sealed batteries, 12V pumps and chargers with a 100liter capacity tank.

**Hoffmann Petrol Trash Pump with recoil start**  
Ideal for pumping muddy water and can handle solids up to 25mm. It is self-priming, compact and lightweight

<b>Model</b>	<b>Price</b>
H80TP	R2885.50+VAT

## Do you want to clean those hard to reach corners?

We have designed the perfect vacuum cleaner attachment. You can now reach those funny places that cannot be reached with a traditional vacuum cleaner nozzle. It can be bent to suit any direction you require.

**Hoffmann Petrol Generator with recoil shaft**

<b>Model</b>	<b>Price</b>
H6.5/GSA3P, 3KVA generator	R3350.00+VAT
H13/GSA6P, 6KVA generator	R5200.00+VAT

Terry Levy, who is Hawks latest member, joined the team in July this year. He will be taking on the position of Distribution Manager in Johannesburg. Terry will be responsible for setting up distributors in surrounding areas.

*"Only a fool knows everything"*

Versatile, durable and affordable pest control solutions

The Hudson Vim sprayer is durable and versatile. The light weight poly-ethelene tank and corrosion resistant supply tube make the unit resistant to most chemicals. Another advantage in the field is that you require no tools to service it, the unit can be dis-assembled and re-assembled completely by hand. An adjustable nozzle allows you to dispense a fine mist or a solid stream jet. A built in pressure relief valve protects the unit from being damaged from over pressurising and is also convenient for quickly releasing the pressure.
