

Trailer units

These trailers were specially built for a customer who required sixteen of them, each with three high pressure pumps connected to 120m hoses. Chemical injection and foaming lances were fitted to each pump. The trailers are SABS rated. The difficult part was that they had to be completed within four weeks. No mean feat!

Mining Units

Stope washing machines have been around for a long time. These new versions, however, have a lot of new features. Designed to handle and make maintenance and repairs easier, the changes were aimed mainly at saving a lot of water and electricity. In view of the need to reduce power consumption this is vital. Delivering 200 l/min at up to 70 bar, these machines pack quite a punch.

LIFETIME GUARANTEE ON FREE OIL CHANGE

Monitor is now offering customers a lifetime free oil change service for all Hawk high pressure cleaners. brought in for servicing. Obviously conditions apply. Check it out.

Meet our Staff

Siphiwe has been with Monitor for almost a year now as an assistant in the workshop. Always spotted with a smile he has proved to be very helpful and a pleasure to work with.

AVI AFRICA 2008 Exhibition And Conference

We will be exhibiting once again at the largest poultry show in Africa from the 22nd to the 24th April 2008 at Emperors Palace, Johannesburg. You can visit us at stand number 7. We look forward to seeing you there.

" One way to get the most out of life is to look upon it as an adventure"
